

Abby Boudon is a wife and mother who lives in Vista with her husband and two- soon to be three children. She was appointed to the PAAC in January 2021 to represent the City of Vista by the County of San Diego.

Abby is a Regional Director for Atlantic Aviation, a chain of Fixed Base Operators (FBOs) that operates 68 facilities nationwide, including one at McClellan Palomar Airport in Carlsbad. In her role she oversees several other facilities throughout Southern California. Her work in aviation began in 2007 in Austin, Texas where she attended the University of Texas and first began working as a Customer Service Representative for Atlantic Aviation.

Career opportunities for both Abby and her husband have brought their family from Austin to Oklahoma City, then on to Salt Lake City, before they relocated to Vista in 2018. This experience has equipped her with a dynamic perspective on aviation, FBOs, and the ways in which an airport can interact with and serve its local community.

While wearing many hats within the Atlantic Aviation organization, her work has always boiled down to customer service and she brings an appetite for serving others to her position on the PAAC.
